The Journal of Applied Management Accounting Research aims to bring ideas, case studies, reviews and techniques to primarily working managers and the scholars and researchers who serve them in helping organisations manage. The journal is specifically targeted to “applied” research, and hence articles, case studies, software implementations and surveys that link academic and practitioner interests in the area of value creating and decision support information to managers are welcomed. The objective of the Journal is the publication of substantial and original contributions to knowledge in the areas of managerial accounting, broadly defined. Articles should be empirical or analytical; rigorous, yet preferably intelligible to a wide audience of academics and, where appropriate, practitioners. All articles are subjected to a double-blind review process.
International Board of Editorial Referees:

Dr Anne Abraham University of Wollongong
Associate Professor Manzurul Alam, Monash University
Prof Ray Anderson Victoria University of Technology
Ms Susan Briggs University of South Australia

This issue is part of a comprehensive multiple access Information service comprising

**Paper format**
The Journal of Applied Management Accounting Research is published twice a year in traditional paper format.

**Internet Online Publishing**
The Journal of Applied Management Accounting Research is published in electronic form once a paper has been accepted for publication.

**Bound Volumes of the JOURNAL OF APPLIED MANAGEMENT ACCOUNTING RESEARCH**
Subscribers wishing to have their own copies bound should address their enquiries to:
The Secretariat,
The Institute of Certified Management Accountants,
CMA House, Unit 5, 20 Duerrin Street, Clayton North, Victoria 3168 AUSTRALIA.
Telephone +61 (0) 3 9544 7913
Facsimile +61 (0) 3 9544 7299.

**Subscription Rates**

**Australia**

Individual  A$  50  
Student  A$  25  
Institutional  A$  100

**Overseas Airmail**

Individual  A$  75  
Student  A$  50  
Institutional  A$  150

All subscriptions may be paid in Australian dollars at current rates of exchange.
Guide for Authors

**General**
Papers should be as brief as possible consistent with the journal's objective (see reverse of Contents page). They should be typed and double-spaced. Three copies should be submitted together with, in the case of non-subscribers only, a submission fee of A$15. In order to ensure an anonymous review, authors should not identify themselves directly or indirectly. Experience has shown that papers which have already benefited from critical comment from colleagues at seminars or at conferences have a much better chance of acceptance.

**Presentation**
A cover page should show the title of the paper, the author's name, title and affiliation, and any acknowledgements. The title of the paper, but not the author's name, should appear on the first page of the text. An Abstract of 150-250 words should be provided on a separate page immediately preceding the text.

**Tables and Figures**
Each table and figure should bear a number and a title and should be referred to in the text. Sources should be clearly stated.

**Footnotes**
Footnotes should be used only in order to avoid interrupting the continuity of the text and should not be used to excess. They should be numbered consecutively throughout the manuscript with superscript arabic numerals. They should not be used in book reviews.

**References**
References should be listed at the end of the paper and referred to in the text as, for example, (Duval, 1997, p. 124). Wherever appropriate, the reference should include a page or chapter number. Only works cited in the paper should be included in the list. Citations to institutional works should if possible employ acronyms or short titles. If an author's name is mentioned in the text it need not be repeated in the citation, e.g. 'Richardson (1996, p. 36) states……'

In the list of references titles of journals should omit an initial 'The' but should not otherwise be abbreviated. The entries should be arranged in alphabetical order by surname of the first author. Multiple works by the same author should be listed in chronological order of publication. Some examples are:

**Style and Spelling**
Abbreviations should be written as, for example, FASB and not F.A.S.B. Words such as 'realise' should be spelt with an 's' and not a 'z'. Single quotations marks should be used, not double.

**Mathematical Notation**
Mathematical notation should be used only where its rigour and precision are indispensable, and authors should explain in narrative form the principal operations performed. Such notation should be avoided in footnotes. Equations should be numbered in parentheses, flush with the right-hand margin.

The Institute of Certified Management Accountants was established in 1996 as a professional body serving the management accounting discipline.

The Institute's constitution defines management accounting as “the application of professional knowledge and skill in the preparation and presentation of accounting information in such a way as to assist management in the formulation of policies and in the planning and control of the operation of the undertaking”.

This is a broad definition, allowing for members with a variety of experience, including information management, treasury, efficiency auditing, marketing budgeting, valuation, pricing, logistics accounting, etc. Therefore the membership committee reviews each application individually, relying on the evidence supplied in the application. As a general rule, however, experience in the compliance areas of audit, tax or external reporting is not considered appropriate.

If you are a professional management accountant and can provide evidence of this to support your application two categories of membership are available:

- **Certified Management Accounting (CMA)** status which requires evidence of having passed both the Institute’s Advanced Management Accounting and Advanced Strategic Management Accounting subjects at the graduate level (or equivalent) and evidence of 5 years work experience in management accounting. Alternatively, qualified accountants with 10 years experience in management accounting can also apply direct for CMA membership without examination.

- **Associate member (AMA)** status which requires only three years work experience in management accounting and does not require the advanced subjects.

- **Graduate member (GMA)** status is also available to those with a recognised accounting degree (or equivalent) but no management accounting experience.

- **Management Accounting Affiliate (MAA)** status is available to those with an interest in management accounting, with or without any qualifications or experience.

All categories of members receive the monthly CFO journal and the On Target newsletter. Access to the Institute’s web page [www.cmawebline.org](http://www.cmawebline.org) and professional development programme is also available.
